Ways to Say No to Marijuana

No, I already eat too much junk food.

Gee, thanks, but I'm already high on life!

No, my imagination is good enough already.

I don't want to contribute to the carbon footprint.

I'd rather spend my money on _____.

Do you know the pesticides they used and how much? Yeah, me neither.

Some of the pesticides marijuana growers use can kill endangered species like the spotted owl.

I'm not sure if I'm allergic to it. I don't want to risk it.

I read somewhere that marijuana can make some people sick for days. I try to avoid throwing up if I can help it.

Nah, I'm good. But check out this magic trick! *See other side for magic trick!*

The French Drop Coin Trick

- 1 Ask for a coin from your audience (or grab a coin from your wallet).
- 2 Hold the coin out to your audience between your thumb and first two fingers of your left hand.
- 3 Turn your left hand so that your thumb is on top with your fingers below.
- 4 Reach toward the coin with your right hand so that your thumb is going behind the coin and your fingers in front of it. The fingers of your right hand will hide the coin from your audience.
- 5 Relax the thumb of your left hand, allowing the coin to rest on your fingers.
- 6 Continue the grasping motion with your right hand, but do not actually grab the coin.
- 7 Direct your gaze to your right hand, raise it to your audience, and drop your left hand (which still holds the coin).
- 8 Open your right hand and show that coin has disappeared.
